Darlene Drew will be addressing the Rotary Club of Sandy Springs on the fourth of November

The Rotary Club of Sandy Springs will be welcoming Darlene Drew to the microphone on Monday, November 4th.

Darlene Drew is the Owner & CEO of Leadership Conditioning, Personal & Professional Development, LLC. She is a Speaker, Leadership Trainer and Executive Coach with the John Maxwell Team. She has been a public servant through her employment with the Federal Bureau of Prisons for over 32 years. She served as Warden/Chief Executive Officer of three different Federal prisons over an eleven year period. To date, she was the first and only female to serve as Warden at the United States Penitentiary, Atlanta since its inception in 1902. She began the assignment as Warden at the United States Penitentiary, Atlanta in 2012 through 2017, exceeding the average two year time frame typical of her immediate predecessors. Darlene began her career with the Federal Bureau of Prisons in an entry level position as a Correctional Officer.

She served as Adjunct Professor at Lewis University for a semester and taught Ethics, Integrity, & Social Responsibility. She was appointed to the rank of Senior Executive Service in May 2008. Darlene Drew was the recipient of the prestigious Attorney General Award presented to her by the Honorable Attorney General Janet Reno and Deputy Attorney General Eric Holder. She was also presented the distinguished Susan M. Hunter Award by the Association of Women Executives in Corrections, notwithstanding numerous other awards in her career. She began her career with the Bureau of Prisons in 1985 as a Correctional Officer at the Metropolitan Correctional Center, Chicago, Illinois.

She earned her Bachelors Degree from Illinois State University in Criminal Justice. She earned her Masters Degree in Public Administration from Governor State University. She was awarded a Certificate of Completion for the Women and Power Program, Harvard University, John F. Kennedy School of Government, Executive Education. She is a Harvard Kennedy School Executive Education alumni (HKS EE alumni).

Her passion is serving others through the use of her gifts as a teacher, trainer, speaker, mentor and leadership coach. She helps businesses, companies, organizations, groups and one on one clients by providing leadership training, personal development training, professional development training, communication training, mentoring, group coaching,

Previous Program

Shawn Brown from Snap Tech IT presented amazing facts about cybercrime

On October 21st, 2019, Shawn Brown, the president and COO of Snap Tech shared with the Rotary Club of Sandy Springs important information on cyber security.

Snap Tech IT was founded in 2001. Since then the company has been awarded numerous honors including being named one the of Top 501 Managed Service Providers in the world and being listed 3 times in Inc. 5000's annual guide to the fastest growing companies.

Having immense knowledge of cyber security, Shawn's slide program started with defining cybercrime. He described it both with broad terms and specific. He talked about it being the fastest growing area of crime. Some of the terms he used were *phishing*, *identity theft*, *viruses*, *malware* and *ransomware*. He went on to talk about the cost of cybercrime on society. Estimating the damages from cybercrime will be over \$6 trillion by 2021.

He used surprising numbers like 92% and "over 350,000" to shock us into the reality that he sees every day. The first number, 92, is the percentage of cyber attacks by *phishing* where valuable information was stolen. The second terrifying figure (350,000) is the number of malicious programs that were created each day last year.

"Each day over 350,000 malicious programs were created last year."

Later in his presentation he provided a "Checklist to Reduce Risk". In the list he talked about what he liked to call his "nerd stuff". That nerd stuff was however very valuable. He told us about better ways to handle Spam and Email. He spoke about *Two-Factor Authentication*, *limiting administrator accounts*, *full disk encryption*, and *automatic screen locking*. These were the basics. He shared much more information as well.

If any the italicized terms above are new to you or you need more information, Shawn will gladly share his presentation with anyone willing to reach out to him at: Shawn.Brown@SnapTechIT.com or Email kbickmore@snaptechit.com with your name, company name, and include in the subject line: "Cybersecurity Slide Deck"
