### PRESIDENT'S CORNER

## Welcome to the Sandy Springs Rotary Club

Welcome Sandy Springs Rotarians, friends and guests.

So far, this Rotary year has been challenging coping with the COVID-19 pandemic. We thank all who have been able to attend meetings in person and on Zoom. Although our service projects have been limited by the virus we have been able to help school children needing distance learning and for those in our community needing food. We are also doing great with our medical recycling program benefiting seniors. I thank our club members and officers in working hard to hopefully have our club once again achieve "Club of the Year" status.

Visitors are welcome to experience the Rotary Club of Sandy Springs' hospitality and energy. Meetings are typically the 1st, 2nd & 4th Mondays. Lunch is served at noon and the 1 hour program begins at 12:15. Hilton Perimeter Suites, 6120 Peachtree Dunwoody Road, Sandy Springs, GA 30328.

Reserve a spot by going to our website at [www.sandyspringsrotary.org](http://www.sandyspringsrotary.org). Join your fellow professionals, community and business leaders, and learn how Rotary can benefit your future. Experience Rotary Making Things Happen in Sandy Springs!

### Upcoming Program

## Rick Walker - Partner at Clements Bernard Walker PLLC will be guest speaker at RCSS

Monday, March 1st Rick Walker will be our quest speaker.

Rick started his career with Ford Motor Company as an engineer, was an Executive Vice President and General Counsel with a major Tier 1, NYSE-listed, automotive supplier for 14 years, and is now President and CEO of GAMA, the Georgia Automotive Manufacturers Association, as well as President of the Southern Automotive Manufacturers Alliance (SAMA).

Rick is currently a Partner at Clements Bernard Walker PLLC - a law firm specializing in Intellectual Property (patents, trademarks, copyrights, trade secrets, and related matters), and Trade Association Law. He is a Registered Patent Attorney. His specialties include various automotive technologies such as autonomous and sensor
